Motion for a Speedier Trial**FILED  
HARRISBURG**

APR 20 2001

MARY E. D'ANDREA, CLERK

Per. DEPUTY CLERK

First filed back in Jan. my motions of all types have just suddenly gone ~~unnoticed~~ not getting any healthier and as of April 7, 2001 Martin Horn's forced labor camp policies to see me work when Lord knows I can't come to a stop when I was fired from my position by SCI-P. It really is time to quit his from the public what you all did to me on Feb 6, 1999 and every day after and pick the twelve. As stated... as sure as I was assaulted and maimed for life... I'm not getting any healthier. This motion explains itself to the fullest, falling under LR 7.5(a), so no motions brief will follow. This motion is supported by the US Constitution (Amend VII).
